

Godrej Infotech leaps into the Public sector Oil & Gas company in GCC with Microsoft Dynamics AX 2012

Godrej Infotech took its first leap into Public sector Oil and Gas Company in GCC which is a leading Manufacturer and Distributor of Petrochemicals. The customer is a JV Company between a Saudi Arabian plastic mould manufacturing and a South Korean Chemical company which is going to establish a 4,000 mt/year ethyl vinyl acetate plant at Hail in Saudi Arabia and another plastic moulds manufacturing facility in Riyadh. Godrej Infotech would implement Microsoft Dynamics best practices to implement AX R3.
